

Northeast Middle-High School
Supply List 6-12

Summer 2018

Dear Northeast Parent:

Before you purchase school supplies for your child's 2018-2019 school year, please be informed that, according to the Iowa Department of Education:

- The restrictions on fees related to school supplies are equally applicable to lists of class supplies given to parents to provide. School items which are necessary or essential to the instruction of a class, must be provided by the district.
- Likewise, parents cannot be required to provide district or classroom supplies; these are the responsibility of the district. Examples include items such as disinfecting wipes and other cleaning supplies, adhesive bandages, handheld calculators required for a class, dry erase markers, highlighters, multiple rolls of scotch tape, multiple bottles of glue, boxes of plastic bags, and paper towels.
- In addition, allowable school supplies provided by students or their parents remain the property of those students providing the supplies and do not become general classroom supplies. Examples would be pencils or other markers used in place of pencils, colors, notebooks, boxes of tissues, folders and backpacks or school bags.

So what does this really mean?

1. Your child's teacher/grade-level will still have a suggested school supply list.
2. Basically, we cannot require you to provide school supplies for your child.
3. As a parent, we also cannot keep you from purchasing school supplies for your child.
4. Any supplies you send to school with your child will remain the sole possession of your child (make sure to mark them with your child's name).
5. As a parent, we also cannot keep you from donating supplies to your child's classroom or to the school.

If you have questions or concerns, please call the school office at 577-2249.
