Code No. 506.1

Policy Title: **EDUCATION RECORDS ACCESS**

The board recognizes the importance of maintaining education records and preserving their confidentiality as provided by law. Education records are kept confidential at collection, storage, disclosure and destruction stages. The board secretary is the custodian of education records. Education records may be maintained in the central administration office or administrative office of the student's attendance center.

Definitions

For the purposes of this policy, the defined words have the following meaning:

- "Education Record" means those records that contain information directly related to a student and which are maintained by an education agency or institution or by a party acting for the agency or institution.
- "Eligible Student" means a student who has reached eighteen years or attends a postsecondary institution. Parents of an eligible student are provided access to education records only with the written permission of the eligible student unless the eligible student is defined as a dependent by the Internal Revenue Code. In that case, the parents may be provided access without the written permission of the student.

An education record may contain information on more than one student. Parents will have the right to access the information relating to their student or to be informed of the information. Eligible students will also have the right to access the information relating to themselves, or be informed of the information.

Parents, eligible students and other individuals authorized in accordance with law will have a right to access the student's education records upon request without unnecessary delay and in no instance more than forty-five calendar days after the request is made. Parents, other than parents of an eligible student, may be denied access to a student's records if the school district has a court order stating such or when the district has been advised under the appropriate laws that the parents may not access the student records. Parents, an eligible student or an authorized representative of the parents will have the right to access the student's records prior to an Individualized Education Program (IEP) meeting or hearing.

Copies of education records will be provided if failure to do so would effectively prevent the parents or student from exercising the right to access the education records. Fees for copies of the records are waived if it would prevent the parents or student from accessing the records. A fee may not be charged to search or retrieve information from education records.

Upon the request of parents or an eligible student, the school district will provide an explanation and interpretation of the education records and a list of the types and locations of education records collected, maintained or used by the school district.

If the parents or an eligible student believes the information in the education records is inaccurate, misleading or violates the privacy or other rights of the student, the parents or an eligible student may request that the school district amend the education records.

Education records may be disclosed in limited circumstances without parental or eligible student's written permission. This disclosure is made on the condition that the student record will not be disclosed to a third party without the written permission of the parents or the eligible student. This disclosure may be made to the following individuals or under the following circumstances:

- To school officials within the school district and AEA personnel whom the superintendent has determined to have a legitimate educational interest, including, but not limited to, board members, employees, school attorney, auditor, health professionals, and individuals serving on official school committees;
- To officials of another school district in which the student wishes to enroll, provided the other school district notifies the parents the student records are being sent and the parents have an opportunity to receive a copy of the records and challenge the contents of the records unless the annual notification includes a provision that records will automatically be transferred to new school districts;
- To the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education or state and local educational authorities;
- In connection with financial aid for which the student has applied or which the student has received if the information is necessary to receive the financial aid;
- To organizations conducting educational studies and the study does not release personally identifiable information;
- To accrediting organizations;
- To parents of a dependent student as defined in the Internal Revenue Code;
- To comply with a court order or judicially issued subpoena;
- Consistent with an interagency agreement between the school district and juvenile justice agencies;
- In connection with a health or safety emergency; or,
- As directory information.

In additional instances as provided by law.

The superintendent will keep a list of the individuals and their positions who are authorized to view a special education student's education records without the permission of the parents or the eligible student. Individuals not listed are not allowed access without parental or an eligible student's written permission. This list must be current and available for public inspection and updated as changes occur.

The superintendent will also keep a list of individuals, agencies and organizations which have requested or obtained access to a student's records, the date access was given and their legitimate educational interest or purpose for which they were authorized to view the records. The superintendent, however, does not need to keep a list of the parents, authorized educational employees, officers and agencies of the school district who have accessed the student's records. This list for a education record may be accessed by the parents, the eligible student and the custodian of education records.

Permanent education records, including a student's name, address, phone number, grades, attendance record, classes attended, grade level completed and year completed may be maintained without time limitation. Permanent education records will be kept in a fire-safe vault or they may be maintained electronically with a secure backup file.

When personally identifiable information, other than permanent education records, is no longer needed to provide educational services to a special education student, the parents or eligible student are notified. This notice is normally given after a student graduates or otherwise leaves the school district. If the parents or eligible student request that the personally identifiable information be destroyed, the school district will destroy the records. Prior to the destruction of the records, the school district must inform the parents or eligible student the records may be needed by the parents or eligible student for social security benefits or other purposes. For purposes of policy, "no longer needed to provide educational services" means that a record is no longer relevant to the provision of instruction, support, or related services and it is no longer needed for accountability and audit purposes. At a minimum, a record needed for accountability and audit purposes must be retained for five years after completion of the activity for which funds were used.

The school district will cooperate with the juvenile justice system in sharing information contained in permanent student records regarding students who have become involved with the juvenile justice system. The school district will enter into an interagency agreement with the juvenile justice agency(ies) involved.

The purpose of the agreement is to allow for the sharing of information prior to a student's adjudication in order to promote and collaborate between the school district and the agencies to improve school safety, reduce alcohol and illegal drug use, reduce truancy, reduce in-school and out-of-school suspensions, and to support alternatives to in-school and out-of-school suspensions and expulsions which provide structured and well supervised educational programs supplemented by coordinated and appropriate services designed to correct behaviors that lead to truancy, suspension, and expulsions and to support students in successfully completing their education.

The school district may share any information with the agencies contained in a student's permanent record, which is directly related to the juvenile justice system's ability to effectively serve the student. Prior to adjudication information contained in the permanent record may be disclosed by the school district to the parties without parental consent or court order. Information contained in a student's permanent record may be disclosed by the school district to the agencies after adjudication only with parental consent or a court order. Information shared pursuant to the agreement is used solely for determining the programs and services appropriate to the needs of the student or student's family or coordinating the delivery of programs and services to the student or student's family.

Information shared under the agreement is not admissible in any court proceedings, which take place prior to a disposition hearing, unless written consent is obtained from a student's parent, guardian, or legal or actual custodian.

Confidential information shared between the school district and the agencies will remain confidential and will not be shared with any other person, unless otherwise provided by law. The school district may discontinue information sharing with an agency if the school district determines that the agency has violated the intent or letter of the agreement.

Agencies will contact the principal of the attendance center where the student is currently or was enrolled. The principal will then forward copies of the records within a reasonable time following receipt of the request.

The school district will provide training or instruction to employees about parents' and eligible students' rights under this policy. Employees will also be informed about the procedures for carrying out this policy.

It is the responsibility of the superintendent to annually notify parents and eligible students of their right to:

1. Inspect and review the student's education records.
2. Seek amendment of the student's education records that the parent or eligible student believes to be inaccurate, misleading, or otherwise in violation of the student's privacy rights;
3. Consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the law authorizes disclosure without consent; and
4. File a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the law.

The notice is given in a parents' or eligible student's native language. Should the school district collect personal information from students for the purposes of marketing or selling that information, the school district will annually notify parents of such activity.

The notice will include a statement that the parents have a right to file a complaint alleging the school district failed to comply with this policy. Complaints are forwarded to Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, Washington, DC. 20202 8520.

ANNUAL NOTICE

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

- (1) The right to inspect and review the student's education records within 45 days of the day the district receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- (2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading or in violation of the student's privacy rights.

Parents or eligible students may ask the school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, AEA employees, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or student assistance team, or assisting another school official in performing his or her tasks.

ANNUAL NOTICE

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

[Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (Note: FERPA requires a school district to make a reasonable attempt to notify the parent or eligible student of the records request unless it states in its annual notification that it intends to forward records on request.)]

- (4) The right to inform the school district that the parent does not want directory information, as defined below, to be released. Any student over the age of eighteen or parent not wanting this information released to the public must make objection in writing by _____ to the principal. The objection needs to be renewed annually.

NAME; ADDRESS; TELEPHONE LISTING; DATE AND PLACE OF BIRTH; E-MAIL ADDRESS; GRADE LEVEL; ENROLLMENT STATUS; MAJOR FIELD OF STUDY; PARTICIPATION IN OFFICIALLY RECOGNIZED ACTIVITIES AND SPORTS; WEIGHT AND HEIGHT OF MEMBERS OF ATHLETIC TEAMS; DATES OF ATTENDANCE; DEGREES AND AWARDS RECEIVED; THE MOST RECENT PREVIOUS SCHOOL OR INSTITUTION ATTENDED BY THE STUDENT; PHOTOGRAPH AND LIKENESS AND OTHER SIMILAR INFORMATION.

- (5) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC, 20202-4605.

[The School District may share any information with the Parties contained in a student's permanent record which is directly related to the juvenile justice system's ability to effectively serve the student. Prior to adjudication information contained in the permanent record may be disclosed by the school district to the Parties without parental consent or court order. Information contained in a student's permanent record may be disclosed by the School District to the Parties after adjudication only with parental consent or a court order. Information shared pursuant to the agreement is used solely for determining the programs and services appropriate to the needs of the student or student's family or coordinating the delivery of programs and services to the student or student's family. Information shared under the agreement is not admissible in any court proceedings which take place prior to a disposition hearing, unless written consent is obtained from a student's parent, guardian, or legal or actual custodian. Information obtained from others shall not be used for the basis of disciplinary action of the student. This agreement only governs a school district's ability to share information and the purposes for which that information can be used.]

ANNUAL NOTICE

The purpose for the sharing of information prior to a student's adjudication is to improve school safety, reduce alcohol and illegal drug use, reduce truancy, reduce in-school and out-of-school suspensions, and to support alternatives to in-school and out-of-school suspensions and expulsions which provide structured and well supervised educational programs supplemented by coordinated and appropriate services designed to correct behaviors that lead to truancy, suspension, and expulsions and to support students in successfully completing their education.

The party requesting the information will contact the principal of the building in which the student is currently enrolled or was enrolled. The principal will forward the records within 10 business days of the request.

Confidential information shared between the Parties and the school district will remain confidential and will not be shared with any other person, unless otherwise provided by law. Information shared under the agreement is not admissible in any court proceedings which take place prior to a disposition hearing, unless written consent is obtained from a student's parent, guardian, or legal or actual custodian nor can it be used as the basis for disciplinary action of the student.

USE OF STUDENT RECORDS REGULATION

Student records are all official records, files, and data directly related to students, including all material incorporated into each student's cumulative record folder and intended for school use or to be available to parties outside the school or school system specifically including, but not necessarily limited to: dates of attendance; academic work completed; level of achievement (grades, standardized test scores); attendance data; scores on standardized intelligence, aptitude, and psychological tests; interest inventory results; health data; family background information; teacher or counselor ratings and observations; and verified reports of serious or recurrent behavior patterns.

The intent of this regulation is to establish procedures for granting requests from parents for access to their child's records, use of the data, and procedures for its transmittal within forty-five calendar days.

A. Access to Records

1. The parent or legal guardian of a student will have access to these records upon written request to the board secretary.

The parent or legal guardian will, upon written request to the board secretary, have the opportunity to receive an interpretation of the records, have the right to question the data, and, if a difference of opinion is noted, is permitted to file a letter in the cumulative folder stating the dissenting person's position. If further challenge is made to the record, the normal appeal procedures established by school policy will be followed.

A student, eighteen years or older, has the right to determine who, outside the school system, has access to the records. Parents of students who are 18 years or older but still dependents for income tax purposes may access the student's records without prior permission of the student.

2. School officials having access to student records are defined as having a legitimate educational interest. A school official is a person employed by the school district as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school district has contracted to perform a special task (such as an attorney, auditor, AEA employee, medical consultant, or therapist); or a parent or student serving on an official committee, such as disciplinary or grievance committee or student assistance team, or assisting another school official in performing his or her tasks.

B. Release of Information Outside the School

1. To release student records to other school(s) in which the student intends to enroll, the parents, legal guardian, or eligible student must be notified of the transfer and the kinds of

information being released unless the school district annually notifies parents that the records will be sent automatically.

USE OF STUDENT RECORDS REGULATION

2. Student records may be released to official education and other government agencies only if allowed by state or federal law.
3. To release student records to other persons or agencies, written consent is given by the parent, legal guardian, or a student of majority age. This consent form will state which records are released, to whom they are released, and the reason for the release. A copy of the specific records being released will be made available to the person signing the release form if requested.
4. Before furnishing student records in compliance with judicial orders or pursuant to any lawfully issued subpoena, the school district will make a reasonable attempt to notify the parents, legal guardian, or eligible student are notified in advance.
- [5. *Student records may be shared with juvenile justice agencies with which the school district has an interagency agreement. This information is shared without prior parental consent. The agreement is a public document available for inspection.*]

Hearing Procedures

1. Upon parental request, the school district will hold a hearing regarding the content of a student's records which the parent believes to be inaccurate, misleading, or in violation of the privacy rights of students.
2. The hearing will be held within a reasonable time after receipt of the parent or eligible student's request. The parent or eligible student will receive reasonable advance notice of date, time and place of the hearing.
3. The hearing officer may be an employee of the school district so long as the employee does not have a direct interest in the outcome of the hearing.
4. The parents or eligible student will be given a full and fair opportunity to present evidence relevant to the issues. The parent or eligible student may be represented by an individual at their choice at their own expense.
5. The hearing officer will render a written decision within a reasonable period after the hearing. The decision will be based upon evidence presented at the hearing and must include a summary of the evidence and the reasons for the decision.
6. The parents may appeal the hearing officers decision to the superintendent within ____ days if the superintendent does not have a direct interest in the outcome of the hearing.

7. The parents may appeal the superintendent's decision, or the hearing officers decision if the superintendent was unable to hear the appeal, to the board within ____ days. It is within the discretion of the board to hear the appeal.

STUDENT DIRECTORY INFORMATION

Student directory information is designed to be used internally within the school district. Directory information is defined in the annual notice. It may include the student's name; address; telephone number; date and place of birth; e-mail address; grade level; enrollment status; major field of study; participation in officially recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received; the most recent previous educational agency or institution attended by the student; photograph and other likeness; and other similar information.

Prior to developing a student directory or to giving general information to the public, parents will be given notice annually of the intent to develop a directory or to give out general information and have the opportunity to deny the inclusion of their child's information in the directory or in the general information about the students.

It is the responsibility of the superintendent to provide notice and to determine the method of notice that will inform parents.

NOTE: This is a mandatory policy. A school district may limit what it considers to be directory information. If the school district limits the information, it must also make those changes in the school district's annual notice.
